**Commercial Invoice** (1 palette) **119**
Commercial Invoice paperwork is required for most non-document commodities. As our terms are Incoterms EXW 2023 for all consignments worldwide, we reserve the right to charge customs clearance and clearing the goods for exportation. On 1 palette there will be max. 8 transducers.

**Retailers' obligations under the WEEE regulations.**
The aim of the waste electrical and electronic equipment regulations 2013 is to ensure that waste electrical and electronic equipment (WEEE) is collected from the end user and recycled. It places obligations on manufacturers, distributors (including retailers) and the compliance schemes that collect the WEEE. This means you are solely responsible for registration in your country and to report the quantities you sell in your country.

All prices are payable strictly net. Prices are subject to change.
Specifications subject to change without notice.
Terms of payment: Advance payment. Prices EXW Incoterms 2020.
